Education

Moscow Institute of Physics and Technology	Moscow, Russia
B.S. in Applied mathematics and physics(DBMP), 7.5/10	09/2020 - 06/2024

Experience

Machine Learning Research Intern	Skoltech-Sberbank Lab(LARSS)	08/2023 - Present

- Worked on the Label Attention Network(Label Attention Network for sequential multi-label classification: you were looking at a wrong self-attention), launched SOTA models on our data for correct comparison.

Course Methodist	ai-academy	1/11/2022-1/02/2023

- Author of educational texts for high school students on topics such as: linear algebra, calculus, probability theory

Topic writer	HyperSkill	2021

- Author of educational materials on topics such as: databases, python

Awards and Honors

Winner Kurchatov, Phystech physics olimpiad	2020

Skills

Programming Languages: 🐍 Python
Tools and Frameworks: Git, PyTorch, DS(sklearn, pandas, numpy, statsmodels), Linux
Languages: Russian (native), English (proficient)
